

**At the end of the day, why not make tie-offs easy.**

# **ROOF** **PAK**®

**Tie-off in minutes!**

**Formulated specifically for roofing applications**

*Temporarily seals exposed edges of a single ply membrane and other roofing components*

*Protects costly insulation systems against wind and water damage*

*Eliminates the dangers of extremely high temperatures and toxic fumes of hot asphalt*

*Reduces labor costs*

*Is easy and quick to apply and remove  
Guarantees you'll save time and money*

**800-800-3626**

**Yield compares with heavier, more expensive kits:**

**282 ln.ft. (3" x 2" seal)**

**212 ln.ft. (4" x 2" seal)**

***Provides the most cost-effective tie-off method available--lowest cost per lineal foot***

***Instant watertight protection to roofing system and building interior.***

# ROOF PAK®

## **Creates an air barrier to prevent roof deck air infiltration**

Effectively controls air leakage  
Has excellent adhesion to most roof surfaces  
Expands to fill any size opening

Use ROOF PAK on:

### **MONOLITHIC DECKS**

- Drains
- HVAC units
- Wood nailers
- Roof perimeter edging

### **STEEL DECKS**

- Steel decking end and side lap joints
- Mechanical fastener penetrations\*

### **CEMENTITIOUS WOOD FIBER, OSB, PLYWOOD, AND PRECAST CONCRETE DECKS**

- Panel joints
- Mechanical fastener penetrations\*

\*To eliminate mechanical fastener penetrations, use INSTA-STIK Professional Roof Insulation Adhesive (shown below).

## **Other Roofing Products from Flexible Products Company**

### **TILE BOND®**

**Sets tile in record setting time**

- Easy to use – shake and shoot
- The only polyurethane adhesive which meets 140 mph wind speed requirement
- Eliminates costly and heavy equipment
- Patent pending
- SBCCI Listed

### **INSTA-STIK®**

**The Fast Fastener**

- Proven, cost-effective method for attaching roofing components to a roof deck
- Factory Mutual Class 1-60, 1-90 and 1-180 approvals
- UL 1897 Listed for steel decks
- Metro Dade County Florida windstorm and fire classifications for monolithic deck applications

EVALUATION REPORT #9744  
for TILE BOND
