

FROTH-PAK®

THE NEW ANTI-CROSSOVER NOZZLE ELIMINATES CHEMICAL CROSSOVER IN FROTH-PAK SPRAY FOAM SYSTEMS

- Unique patented internal check valve eliminates crossover of guns and hoses
- Clear dispensing tip allows applicator to see if nozzle has been used
- New tapered design improves foam mix
- Side wings on nozzle make attachment quick and easy

FROTH-PAK® APPLICATIONS

Agriculture

- Light control in chicken houses
- Silo sealant • Grain storage bin sealant
- Pest control

Air Sealing/Building Envelope

- Roof/wall joints • Wall penetrations
- Penetrations in attic • New construction
- Odor control • Residential retrofit

Asbestos Abatement

- Crack, void and hole sealant
- Sealant for irregular voids
- Sealant to maintain negative air pressure

Cold Storage

- Floor seams • Flated roof decks
- Wall to wall intersects

Heating, Ventilating, Air Conditioning

- Ceiling/floor/wall penetration sealant
- HVAC duct sealant
- Geothermal pipe insulator

Insulation

- Stud wall cavity fill
- Block drafts, enhance comfort

Pool and Spa

- Insulation repair • Structural support
- Sound dampening

Theatrical

- Stage and movie sets • Floats
- Amusement park scenery

Plumbing

- Sealant around copper or PVC pipes and penetrations
- Bathtub/shower base stabilizer
- Fiberglass bathtub repair

Widest selection of specialized nozzles in the industry

■ Caulking

- Low output, controlled bead size
- Designed for precisely controlled output
- Ideal for tight areas
- Minimizes overspray and waste

■ NS Cone/Spray

- Medium output, small area coverage
- Cylindrical spray pattern
- Fills voids or cavities

■ Fan/Spray

- Medium output, wide area coverage
- Ideal for flat applications – walls, roofs and ceilings
- Smooth orange peel finish
- Best fan spray in the industry

■ Pour Nozzle

- High output, large volume coverage
- Ideal for filling large cavities (slow rise formulation recommended)
- Use in hidden cavity applications

* Other nozzles with varying outputs and spray patterns available

Anti-Crossover Nozzle Stock Numbers

Back Cap Color	Output	Front Tube Color/Spray Pattern			
		Clear/Standard NS Cylindrical Spray	Clear Green/Caulk	Clear/Fan Spray (GG)	Clear/Pour
Yellow	Low	n/a	30A2120	n/a	n/a
White	Medium	30A2021	30A2121	30A2221	n/a
Gray	Medium/High	30A2022	n/a	30A2222	n/a
Black	High	30A2023	n/a	30A2223	30A2323

The New Redesigned Insta-Flo® Gun "The Original and Still the Best"

- Patented, lightweight plastic gun
- Sturdy, reusable construction
- Comfortable grip designed to fit your hand
- Flow rate easily controlled with a touch of the trigger
- Precise metering reduces overspray and waste
- Flip-up safety mechanism protects against accidental discharge
- Ejector clip makes changing nozzles a snap
